Hello Gentlemen,

Just a note to express my sincere appreciation for the SUPERB job you and your Company provided in arranging for and applying the Exteria Hand-Split Shake EZ Siding for our home.

After my extensive research, numerous phone calls and questions about the product, ( my apologies ) I am very happy to report that I have never more pleased with a Product or Organizations.

I thank you for being so professional, patient and helping me justify this investment in my home.

The work crew could not have been more professional and considerate in the extensive prep work needed to properly prepare and install the Exteria Hand-Split Shake EZ Siding.

The finished result looks GREAT. We live on a busy road and have already been asked several times already, who " installed " the Shake Siding on our home.

This is the first time I have ever been compelled to take my time to write a letter of referral and indorse not only a superior product but an entire organization as well.

I would be happy to speak with any prospective customer about the Exteria Hand-Split Shake EZ Siding product or quality of service. An on site visit would be welcomed as well.

Sincerely,
